

Electronic Manual Dispense Meters

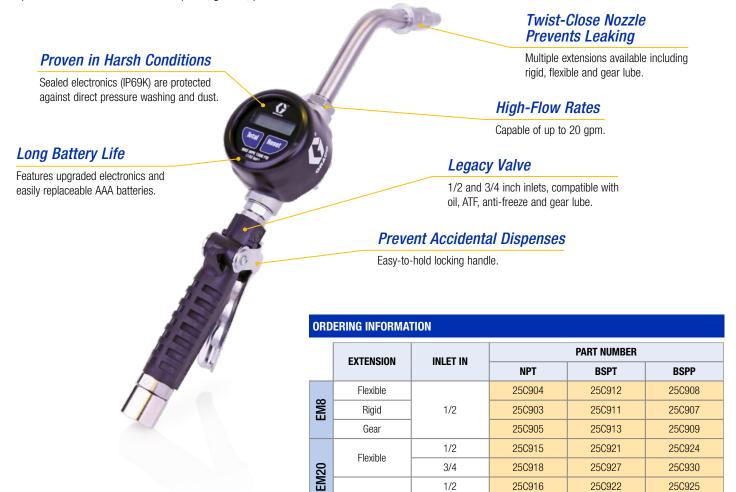

Low- and High-flow Manual Meters

Building on the heritage of Graco's first electronic meter, the EM Series features a robust design at an affordable price. Weather-rated and impact-resistant construction protects the electronics from intense, high-pressure cleaning and mechanical vibration common in industrial applications.

EM SERIES™ ELECTRONIC MANUAL DISPENSE METERS

EM Series handheld and in-line meters are designed to last, whether they are used in small service centers and lubrication trucks or in heavy-duty repair facilities. Choose from 8 or 20 gpm (30.3 to 75.7 lpm) handheld models, or our 20 gpm (75.7 lpm) in-line meter. Graco's EM Series meters are backed by our robust warranty. The meters feature upgraded electronics and easy-to-read LCD with simple operator controls that measure in quarts, gallons, pints and liters.
